

Table of Contents
CWWA TECHNICAL PAPERS - CONFERENCE 2000 - TRINIDAD

Technical Papers

[1. Corporate Development - The Challenge of Translating Vision to action in a Water Utility](#)

by Ramchand Ramcharan

[2. Irrigation Water Management in St. Vincent - Viable or Vulnerable?](#)

by Arie Bons & Conrad McL Simon

[3. Electric Power Cost Reduction](#)

by Leslie Figaro

[4. Design and Fabrication of a Bench-Scale UASB Wastewater Treatment Reactor to Treat Domestic and](#)

by N. Mustapha, S. Rampair, C. Venkobachar

[5. How to Ensure Optimum Performance of Desalination Plant - Practical Experience](#)

by Linda Dudley

[6. How Well do you know your Distribution System?](#)

by Kenneth C. Morgan

[7. Anaerobic Treatment of Atrazine Wastewater](#)

by Ligy Philip, P. K. Ghosh, and M. Bandyopadhyay

[8. Immersed Membrane Technology : Eliminating Barriers to Land Development](#)

by James W. Hotchkies P. Eng.

[9. Design of Common Effluent Treatment Plant for an Industrial Estate](#)

by S. Rampair, C. Venkobachar, R. Chevannes, F. Grant & D. Thornhill

[10. Protecting Ocean Users from Sewerage Related Illnesses - some lessons from the U.K.](#)

by Andrew Coleman

[11. Risk Management in Groundwater Development - The Tobago Example](#)

by Utam S. Maharaj

[12. The Megawatershed Concept and Recharge Analyses - Sustainable Groundwater Extraction from Be](#)

by Utam S. Maharaj, Randolph Sankar, Roland B. Hoag, Robert A. Bisson & Joseph C. Ingari

[13. Exploration and Pumping Test Results for a High-Yield Crystalline Bedrock Well in Tobago](#)

by Randolph Sankar, Learie Jadoo, Joseph Ingari, Roland B. Hoag, Claude Comier, & Robert A. Bisson

[14. Quality Tourism for the Caribbean - Caribbean Tourism, Health Safety & Resource Conservation Pro](#)

by Yvonne R. White

2000 Technical Papers

[15. Water Resources Management for Sustainability](#)

by Marilyn Chrichlow

[16. Environmental Planning for Sustainable Urban Development](#)

by Eng. Ronald A. Williams

[17. Sustainability in the Wastewater Sector in Trinidad and Tobago](#)

by Manoharlal Kerof

[18. The Climate Wise Program : The Puerto Rico Experience](#)

by Carl-Axel P. Soderberg

[19. Implications of Climate Change for Caribbean Small Island Developing States \(SIDS\)](#)

by Andrew Coleman

[20. Impact of Wastewater Disposal in Coastal Waters \(Submarines Outfalls for Wastewater Discharges\)](#)

by Henry Salas

[21. Institutional Structuring for Sustainable Development \(Solid Waste Management System - Trinidad and Tobago\)](#)

by Gina Wharwood

[22. An Integrated Approach to Water Supply in Trinidad and Tobago](#)

by Tawari Tota Maharaj

2001 Technical Papers

Technical Papers
Conference 2001 – Cayman Isl.

1. *Low Cost, High Performance Wastewater Treatment and Re-Use for Public Health and Environmental Protection in the 21st Century*, Duncan Mara (School of Civil Engineering, University of Leeds, UK)
2. *High-Risk Groundwater Development Option for Small Island Developing States (SIDS)*, Utam S. Maharaj and Tawari Tota-Maharaj (Water & Sewerage Authority, Trinidad)
3. *The Road to Laboratory Accreditation using ISO/IEC 17025 - A Cayman Islands Case Study*, Brenda MacAree (Water Authority-
4. *Wellfield Design for a Saltwater Reverse Osmosis Plant Located Over a Fresh Water Lens in Lower Valley, Grand Cayman, Cayman Islands*, Brian Jones (University of Alberta, Canada), Hendrik-Jan van Genderen and Tom van Zanten (Water Authority-Cayman)
5. *Evaluation of Improved Water Supply Intake for Surface Water Sources*, Raphael Eudovique and Lester Arnold (Water and
6. *Treatment of Factory Waste Oily Water*, Barry D. Crittenden, S.P. Perera and R. Mehta (Dept. of Chemical Engineering,
7. *Hazardous Wastes Management in French Islands*, Eric Coppet (SEEN, Martinique)
8. *Human Resources and Development (HRD) as a Value-added Strategic Business Partner*, Gloria Glidden (Water Authority- Cayman)

9. *Thermal Injection Well-Field Design, Caribbean Utilities Company, Grand Cayman, Cayman Islands*, Scott Bender, Richard J. Martin (Shannon & Wilson, Inc, USA) and Jerome Wallace (Caribbean)
10. *Four Golf Resorts Re-Using Treated Sewage for Irrigation: A Case Study*, E. Craig Jowett (Waterloo Biofilter Systems, Inc, Canada)
11. *A Diagnostic Methodology and Computational Model for the Design of Improved Waste Stabilization Pond Performance*, Barry J. Lloyd, (Centre for Environmental Health Engineering, University of Surrey, UK) , K. Guganesharajah (Mott MacDonald Ltd., Cambridge, UK) and C. A. Vorkas, (Centre for Environmental Health Engineering,
12. *Assessing Automatic Meter Reading (AMR) Technology (Assessment Strategy)*, Bill Melendez (RAMAR Technology, USA)
13. *Microbial Indicators of Fecal Pollution in Marine Waters in Tropical Regions* , Donald S. McCorquodale Jr. (Spectrum Laboratories
14. *Fast Track to the Top. Succession Planning for the Caribbean*, Ros Taylor (Plus Consulting Ltd., UK)
15. *Development of Nationwide Effluent Limitations in the U.S. and Suggestions for Island Treatment Systems, Including Beneficial Use of Wastewater*, William A. Telliard (EPA, USA)
16. *Commonwealth of the Bahamas Water and Sewerage Corporation New Providence Mains Refurbishment/Replacement*, E. Lawrence Adams and Grenville S. Marsh (Camp Dresser & McKee Inc.,

2001 Technical Papers

17. *E. coli* 0157:H7, A Deadly Emerging Waterborne Pathogen, Jennifer L. Clancy (Clancy Environmental Consultants, Inc., USA)
18. *Well Field Development of the Barbados Water Authority Desalination Plant*, Ken Goring (Water Authority, Barbados)
19. *The Modern Day Rain Maker*, Robert Nicholson (Sea Solar Power International, USA)
20. *The Impact of Dunder Fertilization of Canefields on Surfacewater Quality, St. Elizabeth, Jamaica*, Michelle Watts (Water
21. *Installation of a Seawater Desalination Plant at Sandy Lane, Barbados*, William T. Andrews, Derek M. Woolley (DesalCo Ltd., Bermuda), Marius Barendsen (DesalCo (Barbados) Ltd.) and Andrew P.
22. *Charlotte Mecklenberg Utilities (C.M.U.D.) (NC)- Water Rehabilitation Integration With Geographic Information System - Case Study*, Richard N. Stalford (RNS Consulting, Inc., USA) and Keith Shirley
23. *Tampa Bay Seawater Desalination DBOOT Project: Lessons Learned*, Donald E. Lindeman (Tampa Bay Water, USA) and Neil
24. *Re-Use of Treated Sewage in Canada for Irrigation and Toilet Flushing*, E. Craig Jowett (Waterloo Biofilter Systems, Inc., Canada)
25. *The Cayman Islands' 12-year History of Municipal SWRO Plants Operating Under Build-Own-Operate-Transfer Agreements*, Kenneth Crowley (DesalCo Ltd., Bermuda) and Gerard Pereira (Ocean

2001 Technical Papers

26. *Establishing Partnerships for Effective Solid Waste Management*, Valerie Beach (Solid Waste Management Unit/Central Water and Sewerage Authority, St. Vincent & the Grenadines)
27. *UV Inactivation of Microorganisms in Water – A Review*, Thomas M. Hargy and Jennifer Clancy (Clancy Environmental)
28. *Manhole Rehabilitation Strategies: A Cost Effective Analysis*, L. Andrea Williams-Lewis (Central Water & Sewage Authority, St.
29. *Hydraulic Modeling With GIS, Integration or Import. What are the Differences?* Richard N. Stalford (RNS Consulting, Inc., USA)
30. *Application of a Membrane Bioreactor for Municipal Wastewater Re-Use in the Florida Keys*, James W. Hotchkies (Zenon)
31. *Water Reuse Criteria & Health*, Harry Philippeaux
32. *Drinking Water Quality Monitoring, the Cayman Islands Perspective*, Antoinette Johnson (Department of Environmental Health,
33. *Sedimentary Megawatersheds Delineation: The Role of Genetic Sequence Stratigraphy and Complex Fault Systems Analysis in Groundwater Resource Assessment in Trinidad*, Laurent de Verteuil, Alfred W. Stawicki, Roland B. Hoag, Robert A. Bisson, Joseph C. Ingari (Earthwater Technology Trinidad & Tobago), Utam Maharaj and Kerry
34. *Wastewater Treatment Utilizing the Closed Loop Reactor– A New Twist to an Old Process*, John Rudolph (Clemson University, USA) Frank Pepe (Bioservices Int., USA) and Steve Eckstein (Lakeside Corp.,

2001 Technical Papers

35. *Estimation of Groundwater Recharge in Trinidad Using Meteorological, Geographical Information Systems (GIS) and Watershed Modeling*, Roland B. Hoag Jr., Christine Bowman, Robert A. Bisson (Earthwater Technology Trinidad & Tobago), Randolph Sankar, Utam Maharaj (Water and Sewerage Authority, Trinidad & Tobago) and
36. *New Sea Water Reverse Osmosis Plants for the Caribbean "Energy Recovery, Brine Recovery & Cost Recovery"*, Shawn Meyer-Steele, Antonia Von Gottberg and Jose Luis Talavera (Ionics, Inc., USA)
37. *Coatings and Linings Providing Corrosion Protection and Structural Rehabilitation in the Wastewater Industry*, Joanne B. Hughes
38. *FAST Wastewater Treatment Systems with Nitrogen Reduction: An Affordable Solution to Decentralized Wastewater and Economic Development*, Raymond L. Peat (Bio-Microbics, Inc., USA)

2002 Technical Papers

TECHNICAL PAPERS - CWWA CONFERENCE 2002 - ST LUCIA

APPROPRIATE TECHNOLOGY

[Experiences With Seawater Fed Electrolytic Chlorination \(Disinfection\) Generators -Harold Stiefel, Ph.D.](#)

[Hotchkies, P.Eng.](#)

[Sustainable Water Resources Development & Management - Lessons From Rural Water Supply And Small-Scale Irrigation In The Tropics-Dr.-Ing. Yves M. Lamour¹, Hailegabriel Tadesse M.Sc.² and Shanta P. King](#)

[Ontario Resort Uses Latest Technology For Wastewater Treatment Facility-Norman Sandberg, C.E.T. , James](#)

[Ken Abraham, George DeGroot, Town of New Tecumseth,Richard Waite, Olav Natvik, Mike Pearce, *Stantec Consulting Ltd](#)

[Vacuum Sewers, A Viable Alternative For The Caribbean-Denny Moss, SR. PROJECT ENGINEER](#)

[Yves M. Lamour](#)

[Resources Development & Engineering Consultant](#)

[La Gestion Des Ressources Naturelles Et Culturelles De La Martinique Par Les Collectivites Locales : L'Exemple Du Parc Naturel Regional De La Martinique.](#)

[Performance Measurement And Corporate Environmental Reporting In The Caribbean -Thomas Edmund,Technical Specialist, Quality Tourism for the Caribbean, Caribbean Epidemiology Centre \(CAREC\)](#)

[Strategies For Minimizing Environmental Impacts From Oil And Gas Operations - A Trinidad And Tobago](#)

[The Greening Of Barbados' Tourism Industry: The Private Sector Role -Michelle Best](#)

[The Use Of Environmental Performace Indicators In Influencing Implementation Of Environmental Management Systems - A Case Study For The Banana Industry Of St. Lucia - Thomas Edmund and Andrew](#)

Waste Management

[A Framework For Estimating The Economic Benefits Of Wastewater Treatment Investments - David Sawyer](#)

[Collecte - Stockage Des Huiles Et Traitements Appropries](#)

[Importance De La Conteneurisation Dans La Gestion Globale Des Dechets](#)

[La Decheterie A Sa Juste Place](#)

[Le Marche Des Materiaux Recyclables](#)

2002 Technical Papers

[Le Recyclage Des Metaux](#)

[Plume Characteristics And Marine Environment Impacts Of A Rum Distillery Effluent Discharged At Sea - A. P.](#)

[Policy Recommendations For The Management Of Hazardous Waste Focusing On Small Islands Of The Caribbean - Shermaine Glasgow-Chung B.Sc.](#)

[Solid Waste Characterization Studies In St. Vincent And The Grenadines, June 2002 - Esther Richards, B.Sc., M.A.Sc. & O'Reilly Lewis, B.Eng, M.S.](#)

[The Development And Implementation Of Sewage Effluent Standards And Regulations: Opportunities And Challenges - Michelle T. Watts, BSc, Dpl. Hydrology, MBA](#)

[World Summit On Sustainable Development - Yan Monplaisir](#)

Water Resources Management

[St. Lucia Capital Project Detailed Study Fifth Water Supply Project, A Case Study - Normand Brunelle](#)

[Jasminko Karanjac, Ph.D.](#)
[Professor and Chair in Water Resources Management](#)

[Integrated Water Resource Management Solutions For Islands And Coastal Regions - Bruce Durham, David Yoxheimer, Chibby Alloway, Carmen Diaz, Mark Jancin](#)

[Nitrate Vulnerability Assessment, Risk And Exposure Mapping In Barbados - Alex S. Ifill - Water Quality Technologist - Barbados Water Authority](#)

[Prevention Of Membrane Fouling In Industrial And Municipal RO Plant - Linda Dudley](#)

[Remarkable Achievements Of The World's Largest Non-Revenue Water Reduction Project - Roland Liemberger, Bristol Water Services Ltd., Bristol, UK & Paul Fanner, USA](#)

[Schéma D'Alimentation En Eau Potable En Contexte Insulaire](#)

[Sustainable Water Resources Development & Management - Dr.-Ing. Yves M. Lamour¹, Hailegabriel Tadesse M.Sc.² and Shanta P. King M.Sc](#)

[Case Study Of The Application Of Pax-18 - Raphael Eudovique and Jeannine Blanchard](#)

[Deep Groundwater Supply - Murray Sarafinchin, M.A.Sc., P.Eng., Principal Engineer](#)

[Department of Physics, UWI, Cave Hill, St. Michael, Barbados /Dr. David Farrell South West Research Institute,USA. /Dr. John Mwansa, BWA Barbados /Ms. Anika Sutherland, WRA, Jamaica / Mr. Hastin Barnes Water Division, APUA Board, Antigua](#)

2003 TECHNICAL PAPERS

TECHNICAL PAPERS - 2003 BAHAMAS

CATEGORY/NAME	TYPE; (W=Water, WW=Wastewater, SW=Solid Waste)	AUTHOR(S)	COUNTRY
Onsite Wastewater Treatment: Here to Stay	WW	Catherine Crabb	Cayman
The Development of Landfill Closure Plans in Jamaica	SW	Somers, Mark; Harding, David; Shaw, Gene; Chambers, Troy	Jamaica
Certification of Caribbean Utility Operators	ALL	Huges, Rommel	
Building a strong Institutional Capacity in the Solid Waste Sector - a move for Sustainable Development	SW	Stewart, Alston	
Barbados Water Authority - Leak Detection Best Practises	WA	Fricke, Gary R; Chase, Shelley; Mayers, Barry	Barbados
Unaccounted-for-Water Reduction Strategy - The Bahamian Strategy	WA	Laville, Glen	Bahamas
Water Quality Management of the Public Watersupply in Paramaribo, Suriname	WA		Suriname
NON REVENUE WATER - INTERNATIONAL BEST PRACTICE FOR ASSESSMENT, MONITORING AND CONTROL	WA	Farley, Malcolm	UK
Predicting Nitrification Efficiency when Polishing Partially Treated Effluent	WW	Jowett, E. Craig	Ontario Canada
Vortex Flow Drop Structures for Odor and Corrosion control in Sanitary Sewer Systems	WW	St-Aubin, Richard	Canada
Pressure Sewer systems: An Innovative Cost-Effective Technology for Transferring domestic Waste	WW	Layyous, Adonis	USA

2003 TECHNICAL PAPERS

The Development of Chlorination Systems in Small to Medium Water Supplies in St. Lucia	WA	Arnold, Lester; Eudovique, Raphael; MacLeod, Jim	St. Lucia
Pre-Treatment Enhancements to Improve Slow Sand Filtration	WA	Abernethy, Robert	Canada
Onsite Wastewater Treatment with Chamber Technology: A Cost Effective Solution that Protects Public Health	WW	Hallahan, Dennis	CT, USA

Recycle, Reuse and Recovery of Waste By-products	SW	Kevin Metcalfe, Norm Nuttal	Canada, Bahamas
Applications of Immersed Membrane Bioreactor Technology for Advanced Wastewater Treatment & Reuse in the Caribbean	WW	Hotchkies, James	Canada
Application of Nova Scotia's ROCAPS Deposit-Refund Waste Diversion System to the Caribbean Region	SW	Clarke, Laurie	Nova Scotia, Canada - Caribbean
Treating Higher-Strength Commercial Sewage for Disposal or Re-Use	WW	Jowett, E. Craig	Ontario Canada

The FRIEND/AMIGO Project in the Caribbean	WA	Narayan, Kailis; Planos, Eduardo	Barbados, Cuba
--	-----------	----------------------------------	----------------

State of the Sewerage Treatment and Disposal Sector in Jamaica - Towards Meeting the Requirements of the LBS Protocol and Local Sewerage Effluent Regulations	WW	Knight, Dillard	Jamaica
--	-----------	-----------------	---------

2003 TECHNICAL PAPERS

Analysis of Water Quality Parameters at Some Surface & Groundwater Sources in North Trinidad	WA	Rajkumar, Wayne Simon	Trinidad
Solid Waste Privatization in Dar Es Salaam City: Experiences and Challenges	SW	Mato, R.R.A.M; Mlengi, F.	Tanzania
Financing the Water and Sewerage Sector in the Caribbean	ALL	Pemberton, Cecil A.	St. Lucia
Comparison of Waste Characterization and Generation rates in the Caribbean and its Implications	SW	Treasure, Ana	Jamaica
Privatization Case Study - Belizes Measurement to Success	WA	Tombs, Gayson Roy	Belize
The Customer is Right	ALL	Hunter, Everton; Gordon Albert; Baret, Vernon	Jamaica
Using Cultural Approaches for Solid Waste Management Education	SW	Beach-Horne, Valerie; Ryan, Joan	St. Vincent
Protecting Water & Wastewater Infrastructure	ALL	Evans, Peter	Canada
Simulations of the Effect of Deforestation on surface Water Runoff and Flooding in the Swift River Water Watershed	WA	Barrett, Lawrence; Hardware, Donald; Haiduk, Andresa	Jamaica
Occupational Health and Safety in the Municipal Solid Waste Sector – Jamaica	SW	McHargh, Mellissa	Jamaica
Recognising the Risks – Reducing our Vulnerabilities: Managing Solid Waste in Emergencies and Disasters – the Jamaican scenario	SW	McHargh, Mellissa; Treasure, Ana	Jamaica

2003 TECHNICAL PAPERS

Comprehensive Disaster Management Strategy for the Caribbean		Jones, Eleonor; Alert, Ivan, CDERA	
---	--	------------------------------------	--

AMR Systems - Impact On Operations for Small and Medium Sized Utilities	WA	Fillinger, John Jr.	USA
Megawatersheds of the Caribbean: Results from Trinidad & Tobagos Pioneering Public/Private Cooperative Water Supply Projects 1999-2003	WA	Bisson, Robert A.	USA
Megawatersheds of the Caribbean: New Water from Old Rocks	WA	Bisson, Robert A.	USA

Environmental Profile of Caribbean Antillies	ALL	Soderberg, Carl	South America?
Impacts of Torrential Rainfall on Groundwater Levels and Flooding in Manchester, Jamaica	WA	Fernandez, Basil	Jamaica
Jamaica's Water Quality Atlas: An Approach to Water Quality Classification	WA	Watts, Michelle	Jamaica

2003 TECHNICAL PAPERS

Integrated Water Resource Management Through Desalination, Reuse and Aquifer Recharge	WA	Durham, Bruce; Rinck-Pfeiffer; Geundert, Dawn; Yoxtheimer, David	Europe
Reduction of Biofouling at a Seawater RO Plant in the Cayman Islands	WA	Missimer, Thomas M; Winters, Harvey	Grand Cayman
Seawater Reverse Osmosis: A Viable Alternative to Regional Wellfields in the Bahamian Family Islands of Eleuthera and Exuma	WA	Adams, E. Lawrence; Laville, Glen	Bahamas
The Economic Industrialisation of Trinidad and Tobago, the Point Lisas Industrial Estate and the Policy of Industrial Water use.	WA	Andy St. Clair, Wayne Joseph	Trinidad

**2004 TECHNICAL PAPERS
MARTINIQUE**

CWWA 2004 RECORD OF TECHNICAL PAPERS		
CATEGORY/NAME	TYPE	AUTHOR(S)
Innovative Processes for the Caribbean		
Deep Ocean Outfalls for Discharge of Primary Treated Wastewaters: The Puerto Rico Experience	WW	Carl-Axel P. Sodergerg
Contribution of membrane-based treatments in the drinking water supply	WA	Jaques Moles, Laurence Durand-Bourlier, William Levasseur, Miguel-Angel Sanz, Loïc Daniel
The Design of an Artificial Neural Network to Model Aluminium Sulphate Dosing at the Caroni Water Treatment Plant	WA	Burton Samuel
Applications of Immersed Membrane Bioreactor Technology for Advanced On-site Wastewater Treatment and Water Reuse	WA	James W. Hotchkies, P.Eng.
Wastewater and sludge treatment - Technical trends in the Caribbean for the 21st century	WA WW	Alain Meunier
Grand Baie Sewerage Project (Mauritius). Sewerage project for the largest tourist resort in Mauritius including waste-water recycling and reuse	WW	Stéphane Quash

**2004 TECHNICAL PAPERS
MARTINIQUE**

Operational issues

Seawater Reverse Osmosis - The Most Cost-Effective Solution for Nassau's Water Needs	WA	Cyrtus A. Kiefer
Onshore Saltwater Intake from Bedrock Wells, Antigua	WA	Roland B Hoag, Jr., PhD
Quality Aspects of Refilling Drinking Water	WA	Suprihatin, Nastiti Siswi Indrasti, Muhammad Romli
Engineering Appraisal of Iron and Manganese Removal Plants in Trinidad	WA	David Benny
Hazardous Health-Care Waste Treatment	SW	Régine Sainte-Croix
Analysis of vehicular downtime and its effects on the solid waste collection system in the Riverton Wasteshed - Kingston, Jamaica	SW	Melissa McHargh
Meeting the Asset Maintenance and Management Challenge in a Water Utility Utilizing Maximo	WA	Dexter Noel

Disaster Management and Terrorism

Flood Hazard Mapping in the Caribbean: Hydrologic Data Issues	WA	V.A. Cooper
Groundwater Development at the Base of an Active Volcano: Montserrat, West Indies	WA	Roland B Hoag, Jr., PhD

2004 TECHNICAL PAPERS
MARTINIQUE

Standards, Legislation and Compliance

Development of guidelines and standards for the management of septage	WW	Peter Knight Ana Treasure
Creating and Sustaining Utility Improvement: The Implementation of Quality of Service Standards for the Water and Wastewater Sectors in Trinidad and Tobago	WA, WW	<u>Gordon Wyke</u> , Harjinder S. Atwal
Creating Protected Areas for Catchment Points Providing Water for Human Consumption in Martinique	WA	Bettina Guiout

**2004 TECHNICAL PAPERS
MARTINIQUE**

Environmental Protection and Rehabilitation

Recycle, Reuse and Recover

Recycling Waste: The Concrete Case of Banana Sheaths	SW	Eliane Capitelle
Financing the Elimination and Recycling of Consumer Waste	SW	Agnès Beyer
Eurocolumbus Study	SW	Yan Monplaisir

Public Awareness

Ensuring Sustainability

Efforts in Reducing Unaccounted-for Water Usage, the Curaçao approach	WA	D. Corsen
Negligible Percentage of Non-Revenue Water: How we do it - the Aruba Experience	WA	Lufrido Croes
Reconciling car wash, water savings and environmental protection: the Estheticar case study	WA	Fardi Lassiri
Problems faced by the Water Supply Sector: Reduction of Water Losses, Operational Efficiency, Performance Standards	WA	S. Brulé

**2004 TECHNICAL PAPERS
MARTINIQUE**

Capacity Building and Institutional Strengthening

Presenting the Martinique Water Office	WA	Lise Moutamalle
---	-----------	-----------------

Training

Canadian Operator Training and Certification Requirements	ALL	Maq Ahmad
--	------------	-----------

Integrated Water Resource Management: Existing situation in the Caribben Through Desalination, Reuse and Aquifer Recharge	WA	Basil Fernandez
--	-----------	-----------------

Regulatory Institutions: Their Role, Current Challenges and Constraints	ALL	Paul Morgan
--	------------	-------------

Financing Options: Lessons Learnt	ALL	Sergio Campus
--	------------	---------------

Procurement: The Process that Lasts a Year	ALL	
---	------------	--

Local Process for Procurement: From an Idea of the Water Utility to a Government Commitment	ALL	
--	------------	--

2005 TECHNICAL PAPERS

PAPERS AND PRESENTATIONS – CWWA 2005 - BARBADOS

No.	Title	Author	TECHNICAL PAPER	PP PRESENTATION
1	Geographical Information System for Integrating Risk by Inter-relating Scores (GI)SIRIS	Alex Ifill	Paper	Presentation
2	The Business Case for Water Fixed Network – Using Fixed Network Data to Support Conservation Efforts and Increase Revenue	Author: Anita Erno <i>Presenter: Mark Henry</i>		Presentation
3	Enhanced Water Distribution Maintenance Management using GIS	Charles Leslie	Paper	Presentation
4	Wastewater Reuse as a Component of a National Integrated Water Resources Management Programme for Barbados	H. J. Sealy	Paper	Presentation
5	Project Management Office - A Driver of Change in a Public Utility	Ramchand Ramchanan	Paper	Presentation
6	Improving the Environment by Retrofitting a Poorly Operating Activated Sludge System with a Membrane Bioreactor	<i>Michael T. Sparks and Hector Marshall</i>	Paper	Presentation
7	Innovative Technology to Implement a Reuse Water Program	Stefan Haecker	Paper	Presentation
8	Waste Management in St. Lucia: Before and After	Gem Hutchinson		Presentation
9	Solid Waste Management: New Trends to Control Greenhouse Gas Emissions	Mostafa A. Warith	Paper	
10	Domestic Solid Wastes Management in Puerto Rico: Successes and Failures	Carl-Axel P. Soderberg	Paper	Presentation
11	Numerical Simulation of Residual Phase Hydrocarbon Reduction Using a Hot Water Re-circulation Loop in an Overburden Carbonate Bedrock Aquifer	John E. Gale et al	Paper	Presentation
12	Report on the Current Status of Lead Acid Battery Disposal in Barbados	Leona Deane	Paper	Presentation
13	Ship Waste Management – The St. Lucian Experience	Laurianus S. Lesfloris <i>Presenter: Wendy Eristhee</i>	Paper	Presentation
14	Private Sector Participation in Water Demand Management	Barry I. Mayers	Paper	Presentation
15	Continuing Education and Training Needs of Water and Wastewater Operators	Author: Maq Ahmad <i>Presenter: Eric MacDonald</i>		Presentation
16	Ground Water Protection – The Canadian Experience and its Applicability to Caribbean States	Dwight Smikle and Rui De Carvalho	Paper	Presentation
17	Environmental regulations limiting the development of sustainable domestic wastewater programs – One country's case study	Carmen Yee-Batista	Paper	Presentation
18	New Beetham Wastewater Treatment Plant – A Model For wastewater Treatment in Trinidad & Tobago and The Caribbean Region	Roger Karim	Paper	Presentation
19	Seawater Reverse Osmosis – The most cost effective solution for Nassau's Water Needs	Curtis A. Kiefer et al	Paper	Presentation
20	DAF versus ACTiflo – Case Studies in Ultra high Rate Clarification	Simon Breese		Presentation
21	Challenges of Developing Groundwater in the Caribbean	Roland B. Hoag, Jr. PhD	Paper	Presentation
23	Private Sector Participation: An Assessment of Caribbean Arrangement and Some Guidelines for Future Arrangements	Pat Gallagher		Presentation

2005 TECHNICAL PAPERS

24	How to get the best out of a private contractor. 2. The pitfalls and mistakes to be aware of. 3. The corporate view of PPP from a Private Company perspective. 4. The realities of managing the contract.	Andrew Barber and Simon Langton		Presentation
25	Achieving Financial Stability in the Water Sector	Barry Walton		Presentation
26	Brief Introduction to GWP and GWP Caribbean Definition of IWRM and Benefits. Obligations Under the Johannesburg Programme of Implementation. Guide to Preparing a National IWRM Plan and Examples.	Torkil Jønch-Clausen and Navin Chandarpal		Presentation
27	The Need for Harmonisation of Policies	Judy Daniel		
28	Sustainable Access to Safe Drinking Water and Sanitation: Meeting the Millennium Development Goals	Prof. Andrew Downes		Presentation
30	Geophysical and Geochemical Characterisation of Marine Intrusion in the West Coast Aquifer of Barbados	Barry I. Mayers	Paper	
34	Radio Frequency Based Automatic Meter Reading Systems for Water Utilities – Current Technology Status and Trends	Greg Gomez	Paper	Presentation
35	Deep Groundwater Supply and Discharge Wells in a Complex Three Layer Aquifer in Cavernous Coral Limestone – Sandy Lane Resort, St. James, Barbados	Murray Sarafinichin et al.	Paper	Presentation
36	CBWMP Presentation - Certification Program Resources from ABC	Cheryl L. Bergener		Presentation
39	Developing a Water Demand Forecast for Puerto Rico: Challenges and Achievements	William Y. Davis	Paper	Presentation
40	New Beetham Wastewater Treatment Plant: A Model for Wastewater Treatment in Trinidad and Tobago and the Caribbean Region	Paul Taylor and <i>Matt McTaggart</i>	Paper	
42	Feasibility Studies and Preliminary Designs for the Collection, Treatment and Disposal of Wastewater in Tobago	Bill De Angelis et al	Paper	Presentation
43	A Methodology to optimize Drinking Water Supply In The Caribbean	Co-operation Project Aquapro		Presentation

2006 CWWA CONFERENCE - TECHNICAL PRESENTATION

No.	TABLE OF CONTENTS	PRESENTED	
	WASTEWATER MANAGEMENT STANDARDS & RE-USE SYSTEMS		
1	Wastewater treatment and reuse: Cruise terminals and recreational parks. G. Garcia		PPP
2	How to implement a reuse water program - A case study. S. Haecker		PPP
3	New Beetham wastewater treatment. Setting the standard for waste management in Trinidad and Tobago. M. McTaggart		PPP
4	Land based Sources of Marine Pollution Protocol - Sewage effluent standards. Christopher Corbin	PDF	PPP
	WATER AND WASTEWATER		
5	Implementing water operation training program. Lessons learned. G. Gagnon, M. Meidell, J. MacDonald		
6	The "Flow Splitter". Mysore Satish, Ken Burrows	PDF	
7	Implementation of a water research program to satisfy water quality master plan. G. Gagnon, R. Campbell		
8	Sanitary sewer sludge as a bio-fuel for alternative energy solutions. J. Michael O'Connor		
	WATER UTILITY PLANNING AND REGULATORY CONTROL		
9	Challenges of the CEC process for a public utility. A case study. R. Karim WASA T&T	PDF	PPP
10	Optimization of drinking water treatment plants. S. Breese		PPP
11	A water allocation proposal for agriculture within the Caroni River Basin. Pat. Massiah-Payne	PDF	PPP
	SOLID WASTE		
12	Public private partnerships in solid waste infrastructure development in Nova Scotia and parallels for the Caribbean. A. Shames		
13	RRFB Nova Scotia - A model for waste reduction. William D. Ring	PDF	
14	Nova Scotia solid waste management. Gerard MacLellan		
15	Innovative approaches for environmentally & financially sustainable solid waste management solutions and practices. D. Walmsley		
16	Focusing on behaviour. Why psychology is the best weapon in the war against waste. Ken Donnelly		
	WASTEWATER MANAGEMENT		
17	Wastewater management in Trinidad and Tobago: Challenges and visions. R.A. Williams & W.O. Williams	PDF	PPP
18	Wastewater management: The experiences of the Scientific Research Council in Jamaica. J. Brown	PDF	

	WATER RESOURCE SUPPLY & CHALLENGES		
19	Reducing non-revenue water (NRW) by contract in New Providence - A case study. G. Laville, P. Fanner, M. Keating		PPP
20	Evaluation of microbial induced corrosion of metal pipe mains in the west coast water distribution system of Barbados. L.F. Robertson, B.J. Mwansa, A. Ifill, B.P.Wood	PDF	
21	Two new red mud disposal systems and the impact on water quality: The Jamaican experience. M. Watts	PDF	PPP
	TECHNICAL TOOLS IN WASTEWATER MANAGEMENT		
22	Operator training and certification. The key to efficient facilities. Gerald Samuel	PDF	PPP
23	Appropriate, affordable and assessable technologies for the Caribbean. L. Figaro, A. Anthony	PDF	PPP
24	Sewage needs assessment(SNA)pilot study for View Fort, St. Lucia. L.F.Robertson, C.J.Corbin,A.Daniel,L.Walker		
	APPROACHES FOR MANAGING WATER UTILITIES.		
25	Value and risk management: The application to infrastructure works in a public organization. R. Ramcharan	PDF	PPP
26	Managing the utility's costs: Energy management at the Water and Sewerage Authority of Trinidad and Tobago. G. Wyke	PDF	PPP
27	Developing a diagnostic instrument to measure managerial autonomy of water supplies. Niels van Eybergen	PDF	
	POLLUTION CONTROL.		
28	Water pollution control in Puerto Rico: Lessons learned and moving to the next level. C. Soderberg	PDF	PPP
29	Coastal Clean-ups - clearing the way for a clean wave of thinking. Gennike Mayers		PPP
	Water and Wastewater sewerage/treatment: Technical solutions		
30	Expansion and integration of existing wastewater systems in Trinidad along the East West Corridor and its environs. S. Quash		
31	Setting pipeline rehabilitation priorities to achieve 'best' results - A case study using condition and criticality criteria. S. W. Miles, Frank Styers, Jason Johnson	PDF	PPP
32	Fixed Base Automatic Meter reading for water utilities. Jim Ford	PDF	PPP
33	Tobago Domestic Reading Pilot Project - Raffie David		PPP
	OPTIMIZATION OF WATER SUPPLY		
34	Rainwater harvesting for domestic purposes in S.W St. Ann, Jamaica:A 'good practice' propotype for potable water supply augmentation in Barbados. K. Emmanuel	PDF	PPP

35	PX Pressure Exchangers for mobile SWRO plants. I. Cameron, J. Bradshaw		PPP
36	Large diameter PVC Pressure Pipe - Canadian Experience. G. Lefort		
	SOLID WASTE ENVIRONMENTAL CONSEQUENCES		
37	Environmental consequences of a biosolids/biomass power plant in Canada. A. Ciccone, W. Nolan		
38	Waste streams and water contamination. SWMCOL		PPP
39	Landfill and ground water contamination. SWMCOL		
	WASTE WATER TREATMENT PROCESSES		
40	Evaluation of anaerobic sludge activity in wastewater treatment plants in Nicaragua. L. Korsak, L. Moreno		
41	Successful applications of bioaugmentation for reducing sludge output from biological wastewater treatment plants and anaerobic digesters. M.J.Krupka, H.P.Lee		PPP
42	The fats, oil and grease (FOG) programme of Trinidad and Tobago. W.O.Williams		
	SOLID WASTE MANAGEMENT: INNOVATIVE APPROACHES		
43	The ReCycled Refuse STAG Process. A. Haden-Taylor	PDF	
44	Development of a Code of Practice for bio-medical waste management. Edison Garraway	PDF	PPP
45	Management of e-waste. Richard Warren-SWMCOL		PPP

2007 TECHNICAL PAPERS

TECHNICAL PAPER PRESENTATIONS - 2007 ST. KITTS

Sustainable Development and Climate Change

[The Environmental Impact of Climate Change in the Caribbean](#)

Ronald A. Williams

[Exploring the Water Management Implications of Potential Climate Change](#)

Adrian Cashman, John Charlery and Leonard Nurse

Water Supply Management – Desalination

[Pre-Treatment Considerations for Seawater RO Desalination](#)

Simon Breese and Susumu Kawamura

[Feasibility of Co-locating Desalination Facilities with Power Plants in South Florida](#)

Robert K. Race, Larry Vandeventer and Ashie Akpoji

Watershed Management – Pollutants Loading

[Total Maximum Daily Loads for the North Shore of St. Croix, USVI](#)

Rhawli Coakley, William Saunders and Deborah Crowley

[Total Maximum Daily Load for Phosphorus and Attendant Waste Load Allocation Options for a Caribbean Reserv](#)

Carl-Axel P. Soderberg

Water Supply Management – Reducing Non Revenue Water

[1 MIGD of NRW Successfully Saved in New Providence – A Case Study](#)

Glen Laville, Paul Fanner, Mike Keating and Julian Thornton

[The Aruba Experience to Achieve a Negligible Percentage of Non Revenue Water](#)

Lufrido Croes

Watershed Management – Drainage

[The Application of a GIS-based Approach to Drainage Studies: A Case Study \(Half Moon Resort, Jamaica\)](#)

V.C.Brown and N.O. Whyte

[Rehabilitation of Road Culverts on the Equator. Implementation of Open Cut, Jacking/Relining Trenchless Solutio](#)

Jean-Luc Coetmeur, Jean Marie Joussin and Siegfried Mahieux

Water Supply Management – Optimization Programs

[Implementing Optimization Programs to Improve Water and Wastewater Quality and Reduce Costs](#)

N. Vlachopoulos, S. Rogers and T. Bailey

[Water Transmission System Operations Optimisation](#)

Alnoor Allidina

Solid Waste Management – Landfill Fires

[Landfill Fires: A Case Study of the Riverton Landfill](#)

Ana Treasure, Stephanie Fletcher, Cheryl St. Romain, Sandra Knight and Susan Moore

[Standard Operating Procedure for the Management of Landfill Fires in Jamaica](#)

Peter Knight, Ana Treasure and Karlene Russell

Sustainable development – Integrated Water Resources Management

[Framing an Integrated Management Strategy for Freshwater Low Availability in Barbados: A Sustainable Develop](#)

Kwame Emmanuel

[Development of Water Reuse Regulations and the Implementation of Water Augmentation Strategies–A Case Stu](#)

Jason A. Johnson and Bwalya J. Mwansa

[Recent Developments in IWRM in the Caribbean](#)

Vincent Sweeney, Christopher Cox, and Sasha Beth Gottlieb

Solid Waste Management – Biomedical Waste

[Implementation of Alternative Medical Waste Treatment Technology in Jamaica](#)

Navarine Natisia Hylton, Kevin Harvey and Peter Knight

[Managing Biomedical Waste on Small Island Developing States](#)

Ed Nesselbeck

Wastewater Management – Issues and Solutions for Small Developments

[Effluent Quality of Domestic Wastewater in Small Developments](#)

E J. Peters, T. Adesiyun and A. Richardson

[Treatment of Wastewater with Natural Systems and Reuse of Clean Water for Different Applications in the Caribb](#)

Davide Tocchetto

Solid Waste Management – Reduction Programs

[Engaging Citizens to Reduce Waste](#)

Catherine McCarthy

[A Strategic Approach to Marine Litter Reduction and Control in the Caribbean](#)

Christopher Corbin and Seba Sheavly

Water Supply Management – Utility Operations and Management

[The Evaluation of Project Management: The Application to Infrastructure Works in a Public Organization](#)

Ramchand Ramcharan

[Knowledge Management Key Factor Towards Sustainable Development](#)

Burton Samuel

Sustainable Development

[Comprehensive Review of Existing Groundwater Protection Zoning Policy and System -Barbados.](#)

Dwight Smikle

[Simultaneous Development of Water and Energy for Sustainable Growth in Nevis](#)

Roland B. Hoag, Kerry McDonald and Michael Miville

Water Supply Management – Rainwater Harvesting

[Promotion of Rainwater Harvesting \(RWH\) in Caribbean Small Island Developing States](#)

Christopher Cox

[Using Rainwater Harvesting to Reduce On-site Flooding](#)

E. J. Peters and S. Lewis

Wastewater Management – Membrane Technologies

[Integrated Design for a Large Membrane Bioreactor Reuse Facility](#)

Nicholas B. Cooper

[Turning Conventional Wastewater Treatment Systems into Reuse using Membranes](#)

Carsten Owerdieck, Robert Hacking and Jennifer Watt

Water Supply Management – Groundwater

[Nitrate Levels in Groundwater: An Indicator of Residential Development and Agricultural Activity](#)

Michelle T. Watts and Geoffery Marshall

[Design of a Storm Water System to Support Aquifer Recharge- The Vaucluse Waste Management Facility – Barb](#)

Dwight Smikle

Wastewater Management – Trends in Technology

[Enhanced Nitrogen Removal Using Upflow Biological Filtration](#)

Brian Stitt

[Sewage Stations - Model Predictive Control](#)

Alnoor Allidina, Marius Caprariu and Jeff Gobatto

Water Supply Management

[PRASA's Transformation: Overcoming Historical Obstacles to Advance on the Path of Excellence](#)

José F. Ortíz Vazquez

[Effective Water Storage Reservoir Design](#)

Doug Brownrigg

TECHNICAL CWWA PAPERS 2009 - ST THOMAS, USVI

	Water
	Water Shed
	Wastewater
	Solid Waste
	Other
1	Sangchul: Small Filtration & Disinfection Unit for a Point-of-Entry Cistern Water Purification
2	McFarlane-Sweeney: Community Operated Water Supply
3	Austin: Improved Environmental Performance Through Targeted Cultural Change Programs
4	Higgins: Comparison of Leak Detection Tools for 30" Water Transmission Main
5	Nettles: Water Supply Investigation Using Surface Geophysics Tools for Delineating Aquifers systems and Fresh...
6	John Hope: Drip, Drip Drought: Planning for and Reducing Non-Revenue Water in a Water-Thirsty Region
7	Meyer-Steele: Reducing Energy Consumption and Increasing Population Production while reducing Water Plant Cost
8	Pereira: How Public Water Utilities Can Afford to Augment Their Water Supply With Desalination Water
9	Alessi: Stay Green, Restrain Your Fittings
10	Celia: Estimation of Residential Irrigation Demands in Broward County 2006 Reclaimed Water Management
11	DeCarvalho: Meeting the Requirements of the Safe Drinking Water Act by the Town of Orangeville
12	Waterous: Evaluation of Kemira Water PAX Polyaluminum Chloride to replace dry alum for primary coagulation
13	Karim: The Role of Environmental Factors in the Site Selection & Design of Matura & Salybia Water Treatment Plants
14	Nettles: Protection of the Bassterre Valley Aquifer, Part I: Hydrogeologic Evaluation
15	Burrowes: Protection of the Bassterre Valley Aquifer, Part II: Land and Water Use Study and Park Management Plan
	Kirkland: Community Approach in Addressing Point and Non-Point Spurces of Marine Pollution: Experiences in Trinidad

2009 TECHNICAL PAPERS

	Gerardi: Troubleshooting Activated Sludge with a Microscope
16	Venner: Design and Startup of an Oxidation Ditch System for Limit of Technology TN Removal without External Carb...
17	Benny: A Novel Disinfectant for Wastewater Applications
18	Venner: Nitrogen Removal Optimization at the City of Clearwater
19	Booker: Wastewater Disinfection Alternatives in the Caribbean
20	Thomas: Condition Assessment and Prioritization of Sanitary Sewer Rehabilitation Techniques in the City of Miami, FL
21	Venner: A Collaborative Approach to Upgrading to Limits of Technology at the York River Treatment Plant
22	Crabb: Performance Assessment of Onsite Wastewater Treatment Systems in the Cayman Islands
23	Dudley: Landfill Leachate: Treatment Solutions to Optimizing Environmental Protection in the Caribbean
24	Harless: Providing an Innovative Design-Build-Operate (DBO) Solution for the Virgin Islands
25	Gerardi: Use of ORP for Detecting and Correcting Septicity
26	Booker: Opportunities for UV Disinfection System Optimization through Design and Performance Evaluations
27	Barnes: Tertiary Treatment of Lagoon Effluent and Reuse Potential
28	Sapir: Waste-to-Energy Projects - The Second Wave
29	Cuffy: Environmental Education in Waste Management
30	Sainte-Croix: Public-Private Partnership for the financing and the organizing of a sustainable and environmentally sound management of used lead acid batteries: Case of Martinique
31	Lesfloris: The Environmentally Sound Closure of Ciceron Disposal Site
32	Kuchma/Caprariu: Waste Minimization and Source Reduction (POSSIBLE CANCELLATION)
33	Lendor-Gabriel: Exploring the Feasibility of an Extended Importer Responsibility in Small Island Developing States (SIDS) - St. Lucia

2009 TECHNICAL PAPERS

34	Gerardi: Biofilm as a Carbon Source for Denitrification
35	Soderberg: Environmental Stressors from Beyond the Caribbean: Nature Extent and Impact
36	Nettles: Utilizing Advanced Surface Geophysics and Computer Hydrodynamics Modeling to Provide a Comprehensive Geotechnical Evaluation and Coastal Impact Assessment for a Proposed Resort Development in Anguilla, BWI

TECHNICAL PAPERS PRESENTED AT CWWA 19 TH CONFERENCE HELD IN ST. GEORGE'S, GRENADA.		
	NAME OF PAPER	NAME OF AUTHORS/PRESENTERS
1	A Participatory Assessment of the Quayaneri River Catchment in the Commonwealth of Dominica - Rebecca Mersereau and	Adrian Cashman CERMES UWI
2	Advanced Technologies in Pipeline Assessment and Rehabilitation of Sanitary Sewers -	Dornelle Thomas, CDM
3	An Innovative Mobile Dewatering Truck A Truly Sustainable Approach To Wastewater Management -	Craig Morrison, Caribbean Liaison Consulting Ltd
4	Challenges in Conversion of Potable Ground Water Supplies to Surface Water by North Harris County Regional Water Authority in Harris County, Texas, U.S.A. -	Showri Nandagiri North Harris County Regional Water Author
5	Conversion Of A Salt Pond Into A Functional Marine Ecosystem -	Sandy Nettles, N S Nettles and Associates
6	Delineation of Water Well Protection Zones -	Gyan Shrivastava, Department of Civil Engineering UWI
7	Drought Monitoring in Managing Rooftop Rainwater Harvesting -	E J Peters, Department of Civil Engineering, UWI
8	Encouraging Hotel Water Use Efficiency Can a system of Tradable Permits Work -	Adrian Cashman CERMES and Winston Moore Dept of Economics UWI
9	Ensuring Water Quality In The Caribbean In The Digital Age -	Fidel Ramquar, VANSAD Automation Limited
10	Environmental Facility Inventory Management Information Needs for Tracking Changes to Environmental Control Facilities -	Jon Dahl, Global Enviromental Consulting
11	Estimation of Groundwater Recharge on Nevis -	Roland Hoag, BEAD LLC
12	Experiences in Establishing Engineered Wetland System to Treat Fish Blood Waste in Trinidad and Tobago -	Sandra Timothy, David Whitney ² , Kelly Wasserbach ² , April Orleans, GEF-IWCAM
13	From Water Scarcity to Continuous Supply Solving the Water SupplyDemand Equation -	Gordon Wyke, MAAK-IBI Group
14	Fusible Polyvinylchloride Pipe And Its Use In Infrastructure Construction And Rehabilitation -	Robert Tatum, Underground Solutions Inc
15	High Performance Coconut Based Filter for Treatment of Domestic Wastewater Without Energy -	Michel Lemieux, Premier Tech Aqua
16	Identification of the Sources of Nitrate Concentrations in Barbados' Public Water Supply -	Bibi Farzana Yusef-Leon and Adrian Cashman CERMES UWI
17	Impacts Of Beach Mining At Three Sites In St. Vincent -	Sandy Nettles N S Nettles and Associates
18	Introducing Reclaimed Water to Trinidad's Water Supply Evaluation of Reuse - Options and Challenges in Implementation -	Kathy Bahadoorsingh, Jim Marx and Matt McTaggart, AECOM
19	Mapping the Water Distribution System in St. Kitts Setting the Stage for Ensuring Water Resource Sustainability -	Mark Scally, Chester Engineers; Halla Sahely and Regis Shogan, St. Kitts Water Services Dept
20	Meeting the Challenge of Water Resources Management The Future Need For Desalination and Water Reuse in Barbados -	Linda Dudley, Ionics Freshwater Ltd
21	National Water Information Systems A tool to Support Integrated Water Resource Management in the Caribbean -	Trevor Thompson et al
22	Oceanic Studies and Water Quality Modeling for an Ocean Outfall Design in Southwest Tobago -	Matt McTaggart, Ryan Edison, Eric Lemont and Serkan Mahmutoglu, AECOM
23	Rain Water Harvesting Case Studies from the Barbados Experience -	Andrew Hutchinson Stantec
24	Rainwater Harvesting in the Mitigation of Climate Change in Grenada Dependencies -	E J Peters, Department of Civil Engineering, UWI
25	Rapid Method to Determine Water Quality at Beaches -	Carl Soderberg, Caribbean Environmental Protection Division - U.S. Environmental Protection Agency
26	Seawater Reverse Osmosis as Part of Practical Drought Proofing Strategy in the Caribbean -	Shawn Meyer-Steele, Seven Seas Water
27	Simplistic Monitoring Tests for Determining a Nutrient Deficiency in the Sludge Activated Process -	Michael Gerardi, Cromaglass Corporation
28	Simplistic Monitoring Tests for Determining a Toxic Event in the Sludge Activated Process -	Michael Gerardi, Cromaglass Corporation
29	Successful Public -Private Partnerships in the Caribbean Region A Case Study -	Karlene S T Singh and Gregory S McTaggart, Consolidated Water Co Ltd
30	The Storm Water Drainage System and Overland Flow as Marine Pollution Vectors in Oistins Bay, Barbados -	Anika Sutherland Water Resources, Authority Jamaica and Adrian Cashman, CERMES, UWI
31	Towards Characterising Pollutants Affecting River Water Quality in the Fond D'Or Watershed, and Determining Possible Impacts on the Health of Watershed Residents -	Marsha Serville, Adrian Cashman CERMES UWI
